## Support water education in the Arkansas River Basin

Entering its 25<sup>th</sup> year, the Arkansas River Basin Water Forum is the premier water education event in the Arkansas River Basin. Bringing together diverse water interests and users, the Forum provides a platform for education and earnest dialogue on water resource issues and needs. Over 200 people representing agricultural, municipal, industrial, environmental, recreational, and governmental interests attend the annual Forum, as well as interested citizens and others from outside the Basin.
