

# ARKANSAS RIVER BASIN WATER FORUM

*20th Annual*

## *“Bob Appel – Friend of the Arkansas” Award*

Nominations are now being accepted for the 2025 “Bob Appel – Friend of the Arkansas” Award. The award is presented each year at the Arkansas River Basin Water Forum (Forum). The award is intended to honor an individual who has over the years demonstrated their commitment to improving the condition of the Arkansas River as it flows from its headwaters near Leadville to the Colorado state line.

**Criteria:** This award is meant to recognize someone who has helped to promote the best management practices in the usage of water in the Arkansas River basin. Their efforts may include contributions in the general areas of development, preservation, conservation and/or leadership. The ability to reach out to as many constituents as possible, cooperation, and consensus building, is an important aspect in the consideration of this award. Other considerations include, but are not limited to the nominee’s length of service in the area of water resources, the impact of their accomplishments, and their respect within the water community of the Arkansas River basin.

Nominations should include a thorough description of why the individual is being nominated as well as any testimonials or letters of recommendation. Nominations will be referred to an award selection committee comprised of past recipients of the award.

Nominations may be sent to the following:
